

Poof

Product Manual

Wear

The Poof device is designed work most accurate when secured on dog/cat neck. Fixed the device with provided sheath and put on your pet's neck.

Setting

You can wirelessly set up Poof device through Poof apps for iOS, Android. Download the Poof app from APP Store for iOS, or Google Play Store for Android on your Bluetooth 4.0 supported mobile phone. Log-in Poof app and connect to your device. When connecting, the LED indicator blinks 5 times.

Data

This device has embedded a Gravity-sensor which can detect movement. Activity and sleep data will be recorded, and could be transmitted to and displayed on the app.

Battery

Poof device Bean uses chargeable Polymer-ion Li battery, when the device is out of battery, charge it with the USB cable included in the product box. The LED indicator flashes when charging, and the light become steady when it's fully charged.

Update

We continue improve our product, enhance existing features, and make sure our clients could get the best. You can update your Poof using your Poof app. Poof app checks if new version is available for your device, if so, it navigates you the the device update page. The update process generally takes 2~5 minutes, and it requires the connection between device and app. So we recommend that put Poof device by your mobile phone till the process completed.

Regulatory & Safety Notices

USA: Federal Communications Commission (FCC) statement

FCC ID: 2AHIUPFBN101

Model: PFBN101

This device complies with Part 15 of FCC Rules, Operation is subject to the following two conditions:

1. This device may not cause harmful interference
2. This device must accept any interference received, including interference that may cause undesired operation

FCC Warning

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Canada: Industry Canada (IC) statement

IC ID: 21305-PFBN101

Model: PFBN101

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

European Union (EU)

DISPOSE OF USED BATTERIES ACCORDING

Environmentally friendly disposal

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substances.
